Diversity rules!

From the summer semester 2023 we look forward to meeting you

Industrial Designer

Intern (f/m/d)

YOU
love designing inbetween emotion and technology.

…are in your third year of studying industrial design

…use tools such as Rhino, Solidworks, Keyshot, Adobe CS and are very good at drawing on paper and digitally

…want to apply your design ideas and learn new methods

…enjoy designing and have innovative ideas

…want to learn in projects and gain design expertise

…have the courage to try out new things and develop yourself further

Then we are curious about your portfolio!

WE
focus on the beauty of understanding!

…are a design studio in the heart of Hamburg and experts in holistic design projects

…develop brand-specific design languages and deliver sophisticated projects for national and international clients from a variety of industries

…design technical products, services, and user interfaces using user centered design processes

…value trends in technology and society

…drive innovation and develop visions

…are an excellent team with a passion for outstanding design

…work in interdisciplinary teams – at eye level
