

2°

Diversity rules!

From the summer semester 2024 we look forward to meeting you

Industrial Design Intern (f/m/d)

YOU

love designing inbetween emotion and technology.

- ... are in your third year of studying industrial design
- ... use tools such as Rhino, Solidworks, Keyshot, Adobe CS and are very good at drawing on paper and digitally
- ... want to apply your design ideas and learn new methods
- ... enjoy designing and have innovative ideas
- ... want to learn in projects and gain design expertise
- ... have the courage to try out new things and develop yourself further

Then we are curious about your portfolio!

WE

focus on the beauty of understanding!

- ... are a design studio in the heart of Hamburg and experts in holistic design projects
- ... develop brand-specific design languages and deliver sophisticated projects for national and international clients from a variety of industries
- ... design technical products, services, and user interfaces using user centered design processes
- ... value trends in technology and society
- ... drive innovation and develop visions
- ... are an excellent team with a passion for outstanding design
- ... work in interdisciplinary teams – at eye level
